SOLDIERS ENJOY DAY'S CELEBRATION

Alexandria County Host to Overseas Men at Home Coming

R. W. MOORE PRESIDES

Rep. Champ Clark, Rep. Otis Winslow and Mrs. J. M. Steed, Frank M. Ball Among Speakers.

Home-coming day for the boys of the County drew a large crowd.

In the auto parade, the first prize of $15 for the best decorated passenger car was won by Colin C. MacPherson, of Cherrydale, the second cash prize going to C. W. Bonfield, of Clarendon. The first prize for the best decorated truck was awarded the Cherrydale Fire Department, which had four pieces of motor driven fire fighting apparatus in line, second prize going to the Ballston Branch of the Alexandria County Red Cross, their float, representing Peace and Plenty, winning by a close decision over A. L. Rubin's tableau representing a Yankee having a German at his mercy, a wounded soldier with Red Cross attendant completing the picture.

An old fashioned Virginia chicken dinner with trimmings was served to over 250 returned soldiers and the various committees. The principal speaker was former Speaker Champ Clark, who was introduced by Representative R. Walton Moore, of the Eighth Congressional district.

The next speaker was Representative Otis Winslow, of Arkansas, who used the cost of high living as his theme.

Mrs. J. M. Steed, of Ballston, a Red Cross worker, spoke of her duties and pointed out boys in the audience whom she had met in hospitals overseas. Frank L. Ball, commonwealth's attorney, as chairman of the monument committee, outlined the tentative plans of his committee and started a nucleus of a monument fund which is expected to aggregate $15,000.

Judge Alden Bell, the oldest enlisted man in the service, won applause. Judge Bell is a resident of Culpeper. He enlisted with the 116th Infantry and saw active service overseas. His enlistment was an unique one, having been obtained only by special orders of Secretary of War Baker, who waived the age limit in his individual case, stating that "You have won the War Department, now go and win a few Germans."

The musical feature of the program was under a committee headed by Fletcher Kemp, superintendent of the Alexandria County schools, who obtained the voluntary services of the band of the Bureau of Engraving and Printing, and through the assistance of Peter Latterner the efdea uowgoD aving mod om dohr Shriners and Grotto bands," which consolidated and rendered patriotic airs. The Montrose Vocal and Instrumental Quartet also tendered their services.

In addition to the automobile parade an elaborate athletic program was staged, commencing at 4 o'clock with a sack race for boys, which was run off in five heats, the final winners being Springer Norman, who captured $5, and Hugo Oswald, who is $3 richer for his trouble.

An obstacle race over barrels, boxes and hurdles for larger boys was run off in four heats, winners being Messrs. Springer and Summer.

A three-legged race for free-for-all contestants was won by Messrs Lynn and Weaver, with Jett and Griffith second, while a 75 yard dash for boys up to 15 was won by Masters Van Horn and Baker.

The ladies' slipper race was won by Miss Rosie Crack, with Lillian Hammer second. A 100 yard dash, with a ton of coal for the first prize was won by W. H. Morris, with A. H. Halfern second.

The final event was an inter-community tug of war, Del Ray defeating Ballston; Cherrydale taking the number of Clarendon and Del Ray winning over Cherrydale in the final. The Cherrydale team was composed of Messrs. Magrum, Hendricks Hevenner, Baker, Thompson, Shreve, Shaw, Roundy, Reed and Leigh.

The Clarendon baseball team defeated the Cardinals of Alexandria, 4 to 3.

Aviator Leon Smith, formerly of the Army and Aerial Postal Service, performed tail dives, corkscrew twists and other stunts.

RICHARD JOHNSON KILLED

Dead Aviator Served in France With Rickenbacker and Quentin Roosevelt.

Montgomery, Ala., Sept. 2.—Richard L. Johnson, former first lieutenant in the United States aerial service, was killed in the fall of a Curtiss plane on the outskirts of Montgomery Sunday afternoon, and Edward Peake, an automobile salesman from Pensacola, who was a passenger in the plane, suffered minor injuries. The accident was caused by Johnson losing control of the machine when it was 150 feet from the ground and while he was about to make a landing.

The dead aviator served in France with Rickenbacker and Quentin Roosevelint the famous Ninety-fifth Aerial Squadron, and although in continuous service during the war, escaped accident or injury. He was a native of Montgomery and after leaving the service had become associated with a commercial airplane company here and was using one of their planes in an exhibition flight when he met death.

KILLS HIS STEPDAUGHTER

Nashville Widow Confesses; Extra Guards to Prevent Lynching

Nashville, Tenn., Sept. 2.—Fearing mob violence, police yesterday threw extra guards around a jail in which they are holding William Baggett, widower, who yesterday confessed killing his stepdaughter, Miss Lillian Carver, because she refused to marry him.

Threats of violence began to be heard late yesterday, when the police announced Baggett had confessed.

According to Baggett's story, he shot the girl Saturday night from ambush on a lonely country road over which she was driving with David Davenport, whom she had promised to marry. Baggett's bullets struck the girl in the left side. He watched, he told police, while the girl died in Davenport's arms.

Davenport, who was arrested following the shooting, was released Sunday after Baggett confessed.

DRYS SEE WET "FAKE"

Deny Prohibitionists Are Back of Antitobacco Campaign

Washington, Sept. 2.—The professional prohibitionists are "getting from under" the program of certain of the more radical drys for a nation wide campaign against tobacco in all its forms. These shrewd campaigners do not want the country to hold them responsible for linking the antiliquor and the antinicotine movements together.

It is now declared solemnly that the widespread publication of the antitobacco crusade as promoted by prohibitionists is a part of a wicked wet propaganda and that the whole yarn about the drys turning their attention in the new direction is a "fake" which intelligent people should ignore.

Even so, this fake story was allowed to circulate for quiet awhile before it occurred to the drys to condemn it and to charge it up to tehir wet enemies. For weeks it has been reported that the Women's Christian Temperance Union was particularly anxious to make war upon tobacco and that the dry forces generally were lining up for a fight to the death.

WIFE WHO SLEW SET FREE

Jury Acquits Her of Murdering Husband in Defense of Son

Washington, Pa., Sept 2.—That a mother has the right to protect her own, even though it may be necessary for her to kill to do so, in substance, was the viewpoint of a jury which tried Mrs. Susan Thomas, of Mount Pleasant township, on a charge of murder and acquitted her in a verdict returned late Saturday night.

The case had attracted wide attention. A son, Edwin, by a former marriage, and her husband, John, quarreled frequently, but an argument last February resulted in Thomas attacking the boy. Mrs. Thomas entered the room as the struggle was in progress and she saw her husband brutally beating and choking her son. Her "mother love" asserted itself, and, seizing a revolver from a dresser drawer, she fired, the bullet striking her husband in the spine. He lived four weeks in a hospital before dying.

Following the shooting Mrs. Thomas was arrested, and the murder charge was preferred when her husband died.

INSPECTORS ARE ON TRIAL TODAY

Prohibition Interest of Virginia Focused Upon Hearing of Murder Cases

CALL 40 VENIREMEN

W. C. Hall, Harry F. Sweet, Sr., W. B. Dunleavy and J. H. Sullivan Are Defendants in Suit.

Prohibition and antiprohibition forces of the State have their attention focussed today on the trial, which began in the Circuit Court of Prince William County, at Manassas, this morning, of State Prohibition Agents W. C. Hall, H. F. Sweet, W. B. Dunleavy and J .H. Sullivan, who are charged with the murder of Raymond F. Shackelford, of Danville, and Lawrence D. Hudson, of Petersburg at Fishers Hill, in Shenandoah county, on the night of March 26.

Circuit Judge Samuel G. Brent, of Alexandria called the special term of court and Sheriff Charles A. Barbee summoned a special venire of forty men from whom the jury was selected.

Acting Commonwealth's-Attorney R. Clayton Williams, of Shenandoah County, who conducted the preliminary hearings, is associated with Commonwealth's-Attorney Thomas H. Lyon, of Prince William County, in the prosecution of the defendants. State Senator L. O. Wendenburg and E. B. Dunford, counsel for the Prohibition Department assisted by Manassas attorneys represent the defense.

The shooting of Shackelford and Hudson created great feeling against the accused in the section where the tragedy took place, although the victims were strangers in that section, and while in Winchester the prohibition officers were threatened by a mob which attacked their hotel with a show of violence, and troops were ordered to the scene.

The trial today is attracting interest throughout the State, and a telegram from Danville last night stated that Judge E. Walton Brown yesterday adjourned the Corporation Court of that city indefinitely, owing to the fact that Commonwealth's-Attorney John W. Carter is witness for W. C. Hall in the case called today.

JOIN STAGE STRIKE

Bronx House Darkened—New York Premiere Doomed at Eleventh Hour

New York, Sept. 2.—The drama war here loomed more ominous than ever today, following the refusal of union stage hands to work at the Shubert Theater last night, where Fortune Gallo's opera, the "Mikado" was to have had its premier. As a result, the opera was unable to open. All the members of its cast were in good standing in the Equity Association.

Surprise was manifested both by the strikers and the producing managers because Gallo is a supporter of the Actors' Equity Association and its cause. He will have to pay rent for the theater whether the opera is presented or not. Equity leaders said an explanation for the strike would have to come from the stage mechanics' union.

In addition the Comedy Theater was unable to open with a new show and moving picture operators at the Bronx Opera House walked out, darkening that house. Union heads refused to say whether the one-picture section presaged a similar strike at all movie houses in New York.

SEES U. S. SHIPPING SECOND TO BRITAIN

London, Sept. 2.—Writing in the Times, E. Mackay Edgar, according to a copyright dispatch to the Philadelphia Public Ledger, says:

"I have never belittled the quality of Americans' work or their capacity for mass production, either in shipbuilding or in any other industry. I know the country too well for that, but maintain that running a merchant service in a very different thing from building ships, and that our organization and facilities and experience place us in this vital business of operating a mercantile marine far ahead of America.

"There will always be a place in the world, perhaps a considerable place, for American ships and shipping companies. I have never suggested otherwise, but I hold most firmly that in competition with the United States the odds are greatly in our favor, and that it will be entirely our own fault if we threw away the advantages that are inherent in our position.

LONDON TO PARIS AIR LINE

London, Sept. 2.—The first week of the regular passenger express air service between London and Paris has proved a striking success. In spite of the bad weather a daily service has been maintained, while today and on several other days it was necessary to add another airplane to the service to carry all the passengers and goods prepared to travel by his route, says a copyrighted dispatch to the Philadelphia Public Ledger.

At the present moment the quickest means of communication between London and Paris is by air, beating the mail, telegraph and telephone. It is proposed to institute a regular postal air servisce between the two capitals. While it is expected that a number of business men will make regular trips by air, it is thought that all American visitors to Europe will now have to include an air trip in their itinerary flying from London to Paris and then visiting the battlefields.

BULGARIA TO GET PORT

Paris, Sept. 2.—The supreme council, desiring at the earliest moment possible to conclude a treaty with Bulgaria, has decided to hand the Bulgarian delegation the text of a treaty which will determine the boundaries of the country. The Bulgarian delegation will be asked to renounce claims to certain territory which will be stipulated in the peace treaty. The distribution of this territory will be made later. The situation with regard to the disposition of Thrace on which the allied delegates still are divided, will not be a cause for delay in the conclusion of peace with Bulgaria.

THE PAY OF PREACHERS

Many years ago, when Tallmadge was at his zenith, we heard him deliver a sermon in his Brooklyn Tabernacle. His text was "The Burden of Egypt," and during his discourse he alluded to the small pittances upon which some ministers of the gospel are compelled to live. He asked this question, "How can a congregation expect a pastor to maintain his respectability upon six hundred dollars a year?" Tallmadge's query was propounded in 1891, when the necessaries of life could be procured at about one-half the rates prevailing now.

A year or so ago a well known pastor in one of our Alexandria churches tendered his resignation after the Sunday morning's service. In doing so he incidentally stated that he had been existing on a meagre salary. Last Sunday evening another well-known minister of this city during his discourse referred to the small salaries paid many preachers in this day. He said he made no references to his own allowance, but was alluding to other wearers of the cloth, some in foreign lands, who managed to exist from day to day upon the small pay they receive from the home church.

When the average minister of the gospel reads of Billy Sunday receiving five thousand dollars for nine days' evangelistic work they naturally fall into reveries, realizing that many of those who have spent the larger portion of their lives in the service are receiving, in many instances, pay below that of hod-carriers of the present day. The ordinary minister, after having been educated for his profession, spends his life studying things spiritual and making himself an example unto the flock, and while he is facing the problem of existence, others, after passing through a scant apprenticeship, receive as much pay for nine days' service as the ordinary minister expects in five years.

One of the articles in Chamber's Miscellany is entitled "The Diary of a Poor Vicar." The hero of the story is described as laboring to rise superior to his difficulties. The church has given him about one acre of ground adjoining his parsonage, upon which he is supposed to raise vegetables, as his salary is small. While others were feasting upon the fat of the land he tells of making his dinner upon boiled turnips—only these and nothing more.

This matter is attracting some attention in Baltimore at present, many clergymen in that city are getting salaries today which would be considered starvation wages by any skilled laborer, and which are substantially the same as before the H. C. L. took its phenomenal flight skyward about two years ago.

An analysis of the preachers' salaries in the Baltimore district of the Methodist Episcopal Church South has recently been made by R. G. Mowbray, a layman, and the average salary given the preachers of this district is $1,071 a year, a fraction less than $20.60 a week. This amounts to less than $3 a day, supposing that a preacher works seven days.

At this time $3 is regarded as below a living wage by the Federation of Labor for a skilled mechanic or craftsman. It is hardly considered a fair wage for unskilled labor, and a farm hand who gets $2.50 a day also gets his food and usually his lodgings beside.

SENSIBLE CONCLUSION

Suspension of all strikes throughout the United States and the declaration of a labor truce on the basis of the status quo for six months or more to enable President Wilson to bring about a reduction in the cost of living is recommended in a report of a committee of the New York State Federation of Labor.

The recommendations urge American organized labor to cease wage and hour controversies in order to increase production and restore normal conditins. They express, the hope that no new strikes will be ordered except to relieve workers from "intolerable oppression."

"Your committee is convinced," says the report, "that this condition is wrong and cannot be permitted to continue unless we—and by 'we' your committee means not labor alone, but the people of the whole United States—wish to invite a disaster unparalleled in history. The people must be given a breathing spell. There must be a suspension of struggling for class and party advantage. All Americans must bend their backs to the oars and pull steadily against the storm-tossed waters until our boat again rides safely on the placid sea of prosperity."

"On every hand there are strikes and threats of strikes. Most of these disturbances have been provoked by radical agitators who have not the interests of the toilers at heart, but who seek to promote industrial warfare for the purpose of destroying our present economic system and substituting "industrial ownership by the proletariat.

"For trade unions to permit themselves to be brought under the influence of lawless agitators at this time of national stress is treason not only to the principles of trade unionism, but to the United States of America. It would not be too severe punishment to revoke the American Federation of Labor charters of such unions and put them outside the pale of decent organized labor.

"Your committee is of the opinion that President Wilson's reasoning is based on sound economic principles and that organized labor owes a duty to the President to give him whole hearted assistance in his efforts to reduce the cost of living and place the Nation on a strong business basis. We owe the President of the United States the same loyal support that we gave him during the war, even though we may suffer from a temporary disadvantage which after all, may be more apparent than real."

THAT SUBTLE FIEND, TOBACCO

Is tobacco a curse? Is it an even more insidious enemy of the human race than the demon rum? Is its extirpation essential to happiness and progress? Can the world ever be made safe for virtue, while it holds so many millions under its baneful sway? These are some of the questions which are being whispered softly in the gentle precincts of the Woman's Christian Temperance Union, and these are the questions, doubtless, which have given birth to the Anti-Cigarette League of the World, which has just boldly challenged the tobacco fiend from its cradle in Chicago and announces a drive for 10,000,000 members.

The Anti-Cigarette League starts mainly under feminine sponsorship, and in a city which is not generally associated with purity movements.

There is no excuse for tobacco. How did the world get on so well without it for so many ages?

The liquor evil was confined, after all, to a limited number of persons. The tobacco habit includes all classes and all kinds of people.

The liquor habit may be cured. Tobacco's tentacles can never be unloosed. It is clear that the devil planted it in this country so that he might have a new agent to spring on the world just as it saw a chance to build up a new paradise.

But now at last we are to be emancipated. In ten years from now, if the plans of the Anti-Cigarette League do not miscarry, tobacco will be as dead as alcohol. What new hunt will then engage the moralists we do not know. But we may be sure they will not rest till all of us are as good and stupid as they.

No smokes, no drinks, no war, no anything but solemn virtue. Not even the faintest trail of the serpent any where. The earth will be the duplicate of a sanctimonious heaven from which men will pray to be delivered, which they will gladly exchange for a first class ticket to a hot vaudeville show in Hades.—Baltimore Sun.

FINDS NO SUGAR SHORTAGE

Bank Says Crop Promises to Exceed Prewar Production

Sugar consumption and sugar production are matters of widespread concern to all householders. Few commodities are in such general use as is sugar, and when it is high or difficult to obtain the pinch is felt in every family, but particularly in those of modest means who depend on sugar almost as much as on bread.

The production of the staple has been made a matter of special investigation by the National Bank of Commerce of New York. Its conclusions are that there is no shortage of sugar imminent in the United States and that the outlook for the growing crop promises over 500,000 tons more than the average of the pre-war production.

There are several kinds of ginger, but the best one for real flavor is Jamaica Ginger. We use GENUINE Jamaica Ginger exclusively.

Capsicum, which is cayenne or red pepper, is cheaper BUT IT BURNS your lips and throat—so we never use a particle of it.

That's why you'll instantly notice a decidedly different, a truly enjoyable flavor in CLOVERDALE GINGER ALE. After your first taste you'll stop experimenting—this is the REAL Ginger Ale for which you have longed.

RED FLAGS GO DOWN

Chicago Police Order Radicals Not to Display Symbol of Bolshevism

Chicago, Sept. 2.—The third day of the national socialist party convention saw the organization divided into a radical triangle. The "left wing" that went out of the convention Saturday split yesterday, the offshoot meeting deciding to organize the communist party.

The communists obtained a hall, and decorated it with the reddest of red flags. Deliberations were interrupted by a detail of police who demanded the American emblem be displayed beside the red flag.

"Where is your American flag," demanded a policeman, grabbing a long haired communist by the arm. "You must take down those red flags. His protestation against removal of the red emblem was so disorderly he was placed under arrest. Red banners were hauled from stands, walls and the ceiling and the convention continued to wrangle without emblems of any kind decorating the hall.

ACTORS' STRIKE

Paris Walkout Inevitable as Managers Refuse Demands

Paris, Sept. 2.—The world may soon be in the grip of an actors' strike.

Paris is the latest large city to face darkened theaters and this course seems inevitable following the refusal of the managers and the decision to lockout every actor if on show is closed by strike.

Demands of theatrical employes of all categories were submitted at the same time in the form of a document containing 100 pages. Here are some of the "high spots."

All members of the working staffs must belong to the federation.

Musicians who work two weeks are automatically engaged for the season.

Musicians must be paid for all work outside strictly orchestra work, such as work behind the scenes or on the stage.

Machinists and electricians must get 22 francs ($4.40) daily, with a weekly day off with pay.

Dancers must have their weekly day off.

The actors formulated five chief demands, as follows:

1. None must be hired for an important role without three years' experience at three specified theatres.
2. They must not be forced to rehearse their part more than four times if they have already appeared in it.
3. The number of actors appearing for the first time in a play must be limited to two.
4. Actors or actresses have their parts permanently for the seasons when they have played it four times.
5. Actors or actresses in principal roles must not be forced to rehearse on the day of the performance.

A prominent Paris theater director last night ridiculed the claims of the employes declaring that submission to these demands would mean an increase in expense at any important music hall of 800,000 francs ($200,000.) The employes meet again today to decide definitely what action is to be taken.

CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

THE BAN IN LIQUOR

President Unable, Under The Law To Act Until Peace Treaty is Ratified

It seems in order to state once more that there is not the slightest reason to believe that President Wilson will lift the ban on liquor until peace has been consummated and until the ratifications of the treaty have been exchanged.

It is apparent that reiteration of this is necessary every little while in order to carry conviction. The President himself has said it. The Attorney General has said it and the law has said it, and yet false hopes, or false alarms, according to the way you look at it continue to be sounded from Washington and the country continues to take them seriously.

Some of the more recent reports that liquor sales are to be legitimatized once more have fixed the date. One set of them agrees that on October 1 the President will act. Another set sets October 15 as the time and another set indicates that "before November 1" the saloons will have been reopened under Presidential order.

All of them lead to the belief that the dealers who have stocks on hand shortly will have an opportunity to liquidate them and the folk who have no stocks, but would like to have, will be given a final chance before the long drought, beginning January 16, to lay in enough wet goods for an occasional mellow evening.

Here is the exact situation: The Wartime Prohibition act authorizes the President to raise the bars against the manufacture and sale of liquor and other spiritous beverages as soon as the demobilization of the army shall have been accomplished and as soon as peace shall have been proclaimed. The Attorney-General has given the President an official opinion to this effect, an opinion that is his guide in dealing with the whole question.

LOOPS LOOP OVER EX-KAISER

Waives Greeting to Ex-Emperor, Sawing Wood at Amerongen

Much excitement was occasioned in Amerongen at 11:30 o'clock yesterday, when an aviator, passing above the Von Bentinck Castle, suddenly looped the loop and dived low, directly over the garden, where the former German Emperor was engaged in his daily task of sawing wood.

Many of the villagers believed the one time Emperor was in danger, but the aviator merely descended to about fifty feet above the garden, leaned over the side of his plane and waved a greeting to William Hohenzollern and then proceeded on his journey.

The aviator is presumed to have been Versteegh, a Hollander. The former Emperor, is said to have been greatly pleased over the airman's greeting.

CHILE IS DISTURBED

Pisagua Station Picks Up Message of Revolutionary Import

Santiago, Chile, Sept. 2.—A Peruvian wireless dispatch recently picked up at Pisagua, urging Peru's claims to the disputed provinces of Tarapaca and Tacna, and the reorganization of the Peruvian National Defenses, is exciting comment in the press of Northern Chile. The dispatch which is thought by the newspapers to have been a provincial government message, reads.

"Honor and patriotism demand the reincorporation of Tarapaca and Tacna. It is urgent that we reorganize our National defense by air land and sea, as international justice without force is illusory."

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

WILL NOT TRAIL WILSON

Anti-League Senators Suddenly Give Up the Idea of Following President

Republican Senators have given up the plan of sending speakers to trail President Wilson and attempt to counteract the effect of his arguments in behalf of the peace treaty and the league of nations, it is learned.

Originally it was planned to dispatch three or four Senators who would present opposition arguments in the same territory that the President will visit. It was decided such action would be unwise and politically inexpedient.

The President has declined to furnish the senate Foreign Relations Committee with information concerning treaties being negotiated with Austria, Turkey, Hungary and Bulgaria. This was learned when letters exchanged between President Wilson and Senator Lodge were made public by the latter.

The President indicates that he regards the request as an attempted interference with Executive prerogatives.

"It would tend to take the function of negotiating treaties out of the hands of the Executive, where it is expressly vested by the Constitution," says the President.

Lodge, in reply, disclaimed any such intention, and hinted the President's refusal might delay the treaty with Germany.

The President also declined to give to the committee an official copy of the declaration of June 16 regarding payment by Germany of the expense of allied armies occupying the Rhine district, on the grounds that it might prove embarrassing to the allied governments.

Lodge replied it had been obtained from the British White Book, and that he only requested it in order that it might be before the committee officially.

COOPER'S DEATH

Chief of Police Discards Blackmail Theory; Witnesses Saw Two Autos

Nashville, Tenn., Sept. 2.—Another car was standing alonside Robin Cooper's automobile the night he was murdered. Steve Fulger, a negro teamster, declared to the police yesterday. He claims to have driven by the scene of the murder Thursday night. Fulger's story was that he was passing on Leake avenue about 1 o'clock at night and saw two machines standing beside the road. One had the lights out.

Alex. Barthell, chief of police, discredited the blackmail theory today and declared that evidence so far points absolutely to murder with robbery as a motive. An additional fact was learned this morning when Josie Starks, a negro servant employed at a home near the Cooper residence, said she heard a shot and a few minutes later was aroused by a sound she believed was one of her chicken coops being overturned. The noise is attributed by police to the murderers throwing the body in Richland Creek.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

LABOR WILL AWAIT ACTION

Precipitation of Strike Avoided by Wilson Call to Capital and Labor

Washington, D. C., Sept. 2.—There is every indication that labor in all of its branches will follow the conservative programme mapped out by the American Federation of Labor leaders and will await the conference between capital and labor, to be called by President Wilson before taking any action precipitating a strike.

Following the announcement of the President regarding the conference and urging that no hasty step be taken which will impair the effectiveness of the government's efforts to bring down the high cost of living there was general satisfaction expressed yesterday in all quarters over the outlook.

No date has been set for the conference, but it is expected that it will occur early in October, after the President has completed his Western trip and the date may be announced before the President leaves Washington.

It was stated at the White House yesterday that the President will make the preliminary plans for the conference while on his tour, and that the representatives of the employees and employers will be notified as soon as possible in order that they can make preparations to come to Washington.

All classes of industry will be represented at the conference, it was learned. Farmers should also be included, Senator Kenyon, of Iowa, believes.

WOMAN SOUGHT

"Modern Vampire" to be Arrested in Philadelphia, Police Say.

Philadelphia, Sept. 2.—A young woman is expected to be added to the roll of defendants in the North Penn Bank looting.

Detectives say her arrest is forthcoming this week, as are those of several men in connection with the crash of the State's institution at Twenty-ninth and Dauphin streets, last July 18.

The woman is described by the investigators as a "modern vampire," who demanded $1,000 from an official of the bank as the price for silence. The probers declare that the woman was granted her request. The sum, they say, was delivered as a "money sandwich"—a $1,000 bill having been slipped into a loaf of bread.

The identity of the woman was learned while detectives poked into a mass of photographs and letters that had to do with "lobster suppers" and alleged diversions of officials of the bank from "the straight and narrow."

Most of the photographs, which Anthony Comstock or any board of censors never would have O. K.'d, have been identified. The pictures and letters were found at the bank.

The woman, in accepting the $1,000, it is alleged, will be charged technically with having benefitted from North Penn funds. It is asserted that the officials showered gifts of money upon her, and that these sums were charged to advertising.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not 'Get.'

is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Alexandria and recommended as the world's best corn remedy by RICHARD GIBSON, FRANK WARFIELD.

FAVOR HOHENZOLLERN RULE

Austrians Ready to Support a Prussian; Hapsburgs Gone

Amsterdam, Sept. 2.—The leaders of the Pan-German League, at a gathering in Berlin Sunday, expressed their desire for a return of the monarchy, according to a dispatch from the German capital.

M. Bozin, a lawyer, of Vienna, declared in his speech that the Hapsburg had disappeared forever. He asserted that the Austrians desire rule by a Hohenzollern, and said that when a revolution came they would support a true Prussian.

THEATRES

GRAND THEATRE

If you loved a man, would you deliberately compromise yourself that h's path might be easy to wed another girl? This is one of the many striking situations faced by Erminie in "The Girl Problem," Corinne Griffith's latest Vitagraph Star Series Release, which will be seen in the Grand Theatre tonight. Erminie (Miss Griffith) does not know the man loves her, and she is ready to sacrifice herself for his happiness. But the other man—he proves "white."

Miss Griffith has one of the strongest and most artistic roles in "The Girl Problem," a role ideally suited to her high society girl type, bringing out her charm and beauty as well as her rare talents as an actress. Also Warren Kerrigan in "For Her Hand."

RICHMOND THEATRE

Love is the greatest thing in the world and in the new William Fox photoplay, "Love is Love," at the Richmond Theater which will be shown tonight. Those two delightful young stars, Albert Ray and Elinor Fair, purpose to prove the wonderful uplifting power of this constructive force. If advance reports of the story hold true, the picture will be well worth a trip to the Richmond Theatre.

Ray and Fair have already made an enviable place for themselves among motion picture theatre goers here and the new picture gives every indication of winning greater favor for them.

INGOMAR THEATRE

In "Johnny Get Your Gun," the new Artcraft picture in which Fred Stone is starred at the Ingomar Theatre tonight, that famous comedian does his danse poetique, a celebrated acrobatic dance that won him the praise of the greatest critics, and then follows it with an extraordinary roping stunt.

With his usual agility Fred finishes the dance, which takes place on a ballroom floor, jumps to a balcony, seizes a rope, and swinging it through an open window, lassoes the Count of Bullion-nia, as the latter is about to leave on an elopement party. It is the most daring piece of acrobatic fun seen here in some time.

PERSHING LEAVES BREST

Sailed on Transport Leviathan Yesterday Afternoon

Brest, Sept. 2.—Gen. John J. Pershing, commander of the American Expeditionary Forces sailed from here yesterday on the transport Leviathan for the United States. The steamer left port at 3 o'clock yesterday afternoon.

Marshal Foch came aboard the transport shortly before she sailed and made a feeling address to the departing American commander.

"In leaving France," said the Marshal, "You leave your dead in our hands. On our soil we will care for them religiously and zealously, as bearing witness of the powerful aid you brought us. These dead will bring from America many thoughts of remembrance and pious visits and will bind still more strongly our already close union.

"If", concluded the Marshal, "the clouds of war should gather again in the future, would not these dead rise from their tombs and make their voices heard once more by a world which already knows that the same cause, the cause of liberty, has united us since the time of Washington and Lafayette?"

General Pershing replied by bidding farewell to France in the person of the Marshal, "to her gallant poilus, to her patriotic men and to her noble women."
